**AGREEMENT**

This Agreement was entered into this 23<sup>rd</sup> day of November, 2015, effective July 1, 2015 through June 30, 2018 between the SCHOOL DISTRICT OF THE CITY OF BIRMINGHAM, Oakland County, Michigan (hereinafter referred to as the "Board") and the BIRMINGHAM EDUCATION ASSOCIATION (hereinafter referred to as the "Association").

## **ARTICLE I - RECOGNITION**

The Board hereby recognizes the Association as the exclusive bargaining representative, as defined in Section 11 of Act 379, Public Acts of 1965, in the unit for bargaining certified by the State of Michigan Employment Relations Commission for all professional personnel, including personnel on tenure, probation, and on per diem appointments, classroom teachers, guidance counselors, media specialists, school psychologists and social workers, speech and language pathologists, visiting teachers, advising or critic teachers, teachers of the homebound or hospitalized, employed or to be employed by the Board (whether or not assigned to a public school building), but excluding supervisory and executive personnel and office and clerical employees.

## **ARTICLE II - DEFINITIONS**

- A. The term "school year" as used in this Agreement shall be defined by the 2015-16; 2016-17 and 2017-18 school calendars.
- B. The term "teacher" as used herein shall refer to all employees in the unit for bargaining as defined in Article I.
- C. It is agreed and understood by the parties that wherever the word "Board" appears in this Agreement it may also mean the Superintendent of Schools and/or all other administrators or persons employed or designated by the Board to represent it or otherwise act in its stead.

## **ARTICLE III - ASSOCIATION AND TEACHER RIGHTS**

- A. Pursuant to Act 379 of the Public Acts of 1965, the parties hereby agree that teachers shall have the right freely to organize, join, and support the Association for the purpose of engaging in collective bargaining or negotiation and other concerted activities for mutual aid and protection. As a duly-elected body exercising governmental power under cover of law of the State of Michigan, the Board undertakes and agrees that it will not directly or indirectly discourage or deprive or coerce any teacher in the enjoyment of any rights conferred by Act 379 or other laws of Michigan or the Constitutions of Michigan and the United States; that it will not discriminate against any teacher with respect to hours, wages, or any terms or conditions of employment by reason of his/her membership in the Association, his/her participation in any activities of the Association or collective professional negotiations with the Board, or his/her institution of any grievance, complaint, or proceeding under this Agreement or otherwise with respect to any terms or conditions of employment. The Association likewise agrees that it shall not intimidate or coerce any teacher in the exercise of his/her rights set forth herein or under law.
- B. Nothing contained herein shall be construed to deny or restrict to any teacher rights s/he may have under the Michigan General School Laws or other laws and regulations. The rights granted to a teacher hereunder shall be deemed to be in addition to those provided elsewhere.
- C. The Association and its members shall have the right to make use of school buildings and facilities in keeping with the rules and regulations of the Board governing the use of buildings and facilities. No teacher shall be prevented from wearing insignia, pins, or other identification of membership in the Association either on or off school premises. The Association shall have the right to post notices of activities and matters of Association concern on bulletin boards which shall be provided in each school building in areas designated for teacher use, such as teachers' lounges and work rooms, but not in areas open to the public or students. The Board will permit, but cannot assume the responsibility for, delivering notices through its school delivery service for Association purposes.
- D. Officials of the Association, including its Executive Director, are permitted to transact official Association business on school property at all reasonable times, provided such business does not interfere with the

teachers' performance of their duties or interrupt normal school operations and that the building principal or his/her designee shall be promptly informed of such officials' presence.

- E. The Board agrees to furnish to the Association, in response to reasonable requests from time to time, all information concerning the financial resources of the District and tentative budget, which have passed the discussion stage by the Board, and such other information as will assist the Association in developing intelligent, accurate, informed, and constructive programs on behalf of the Association, together with information which may be necessary for the Association to process any grievance or complaint. Further, the Executive Director of the Association and the Board's Assistant Superintendent of Human Resources agree to exchange copies of all non confidential research reports and other relative material dealing with collective bargaining which become available to them.
- F. The Board shall advise the Association of fiscal, budgetary, and tax programs that affect the District promptly when adopted. The Association shall have the opportunity in advance to consult with the Board with respect thereto prior to general publication.
- G. Teachers shall be entitled to full rights of citizenship, and no religious or political activities of any teacher or lack thereof shall be grounds for any discipline or discrimination with respect to the professional employment of such teachers.
- H. The provisions of this Agreement shall be applied without regard to race, creed, religion, color, national origin, age, sex, disability, sexual orientation or marital status.
- I. During the term of this Agreement, the rights granted herein to the Association will not be granted or extended to any other organizations claiming to represent a teachers' organization.
- J. Board policies which affect teachers but whose provisions are not covered in this Agreement will be provided in writing to the Association five (5) school days prior to the first reading to permit the Association to address the Board of its view of the proposal. The Association may request the opportunity to review and discuss the proposed Board policy only with administrative staff prior to the first reading.

In addition to the above, if the implementation of a written Board or building policy or procedure directly affecting a teacher, which is not covered by this Agreement, is the basis of a complaint by him/her, it may be registered and processed as provided in Article through but not beyond Level II.

- K. Membership in the Association is not compulsory. The Association is required under this Agreement to represent all of the teachers in the bargaining unit fairly and equally to the extent provided herein and under the law. The terms of the Agreement shall apply equally to all teachers in the bargaining unit and not only for members in the Association, and this Agreement has been executed by the Board after it has satisfied itself that the Association is the choice of a majority of the teachers in the bargaining unit.

(L)(1) During the school year and conditioned on being given adequate advance notice, the Board will provide the Association a maximum of thirty (30) paid and released school days for the purpose of transacting official Association business by its President and/or Association authorized members, as long as there can be shown no demonstrable harm to the Board from the utilization of such days. Further, a maximum of twenty (20) additional days may be used, provided that the Association shall pay the cost of any substitute utilized for coverage of such days.

(L) (2) Should the Legislation prohibiting Agency Shop (MCL 423.14) be repealed, amended, or otherwise determined to be invalid and such provision be permitted during the term of this Agreement, either party may request to reopen the Contract and bargain over the impact of the repealed or amended language. Provided further should MCL 423.210 (1)(b) pertaining to the collection of unions dues be repealed, amended or otherwise held invalid, the District shall again permit payment of union dues through payroll deduction, upon receiving written authorization from the teacher in accordance with applicable law.

- M. The Association President shall be released from his/her teaching duties for one-half day each day at Board expense. Full fringe benefits and all other rights granted by the master agreement shall be maintained during the duration of the office.

For purpose of assignment at the conclusion of holding said office, the President will be considered to be holding a full-time position during the term of office.

This provision shall continue through June 30, 2018.

## **ARTICLE IV - BOARD RIGHTS AND SECURITY**

- A. Nothing contained in this Agreement shall deny or restrict the Board of its rights, responsibilities, and authority under the Michigan General School Laws or any other national, state, county, district, or local laws or regulations as they pertain to education.

Except as specifically abridged or modified by this Agreement, or by an applicable statute, all of the rights, powers, and authority the Board had prior to the execution of this Agreement are retained by the Board. Such rights, powers, and authority include, by way of illustration and not by limitation, the following:

1. The executive management and administrative control of the school district;
2. Except as limited by this Agreement, the right to hire teachers, judge their qualifications, and determine their assignments and duties;
3. Determine the educational program of the school district,
4. Develop and exclusively control the budget of the school district;
5. Determine the structure, authority, and responsibilities of its school management organization;
6. Adopt reasonable rules and regulations that are not in conflict with this Agreement.

- B. During the term of this Agreement, the Association will not authorize, sanction, condone, or acquiesce in, nor will any member of the bargaining unit take part in, any strike as defined in the Michigan Public Act 336 of 1947, as amended by Michigan Public Act 379 of 1965, and by Michigan Public Act 112 of 1995. Such proscribed action shall also be deemed to include an unusual pattern of absences, mass absences, slow downs, stoppages, sit-ins, interference of any kind whatsoever with operations at any

of the facilities of the Birmingham School District, and picketing or demonstrations during normal teaching or working hours. The Association further agrees that it will not engage in any sanctions or activities violative of law or of this Agreement.

- C. In the event of any action in violation of this Agreement, the Association will post notices immediately at any or all schools affected, advising that such action is unlawful, in violation of this Agreement, and unauthorized by the Association, and the Association shall advise such teachers to return forthwith to their regular duties. The Association shall further take any and all other action reasonably within its power to bring the activity to an end. If the Association takes the foregoing steps and has not acted in violation of its obligations under this Article; it shall not be liable in any way for such activities.
- D. The Board shall have the right to discipline, including discharge, any teacher for taking part in any violation of this provision. Prior to taking such action, the Board shall notify the Association of its intentions and may also consult with the Association in connection therewith.

## **ARTICLE V - GRIEVANCE PROCEDURE AND ARBITRATION**

- A. A grievance is defined to be a complaint by any teacher or other certified employee within the unit for which the Association is certified by the Michigan Employment Relations Commission as exclusive bargaining representative based on an event or condition which is claimed or considered to be a violation, misinterpretation, or misapplication of this Agreement. The grievance procedure shall not be applicable to a complaint where the teacher has a remedy by way of appeal to the Michigan State Tenure Commission, where the Board is without authority to take the action sought, or where the complaint is not covered by this Agreement. Also, the grievance procedure shall not be applicable when a problem arises from the specific provisions of any insurance carrier's policies, as contracted for by the Board according to Article XVIII.
- B. Nothing contained herein will be construed as limiting the right of a teacher having a grievance to discuss the matter informally with the Board and having the grievance adjusted without intervention of the Association, provided the adjustment is not inconsistent with the terms of this Agreement and that the Association has been given opportunity to be present at such adjustment.
- C. The use of the term "days" in each level and in the table below shall mean school days, except where otherwise indicated.

**GRIEVANCE PROCEDURE AND ARBITRATION TIME LIMITS TABLE**

Grievance Level	Presentation	Meeting	Disposition
I Administration	10 days after occurrence	5 days	5 days
II Superintendent	5 days	5 days	5 days
III Arbitration	10 days	Joint selection of arbitrator – 5 days  Demand for arbitration – 5 days	30 calendar days

The number of school days indicated at each level of the grievance procedure should be considered a maximum. The Association agrees that it is in its interest to effectively contribute to the prompt resolution of problems that may or are to be the subject of grievances. The Association also agrees

that all grievances shall be filed at Level I as soon as possible but not later than within the ten (10) school days that immediately follow the event or condition that is the subject or basis of the grievance. The teacher shall notify the proper Board representatives and/or his/her Association Representative as soon as either knows of the subject or basis of a potential grievance. If appropriate action is not taken within the time limit specified, the grievance will be deemed settled on the basis of the disposition at the preceding level. The time limits specified may, however, be extended in writing by mutual agreement. In the event a grievance is filed on or after June 1st which, if left unresolved until the beginning of the following school year, could result in irreparable harm to a party in interest, the time limits set forth herein will be reduced so that the grievance procedure may be exhausted prior to the end of the school year or as soon thereafter as is practicable.

The parties recommend that teachers seek to resolve grievances informally prior to the implementation of the formal grievance procedure set forth below.

**1. Level I**

A teacher or one designated member of a group of teachers having a complaint may present, or have his/her Association Representative present, a written grievance signed by the grievant, to the principal or other appropriate Board representative. Within five (5) school days, a meeting shall be held with the teacher and his/her grievance representative. The written Level I disposition will be rendered within the five (5) school days after this meeting.

2. Level II

If the Level I disposition does not settle the complaint, the Association may, within five (5) school days after the Level I disposition is rendered, prepare and present to the Superintendent of Schools and/or his/her designee, a Level II grievance signed by the aggrieved and the designee of the Association. Within five (5) days following the presentation of the Level II grievance, the Superintendent and/or his/her designee shall schedule a Level II grievance meeting. The Level II disposition will be rendered within the five (5) school days after this meeting.

3. Level III

a. If the Level II disposition does not settle the grievance, the Association may, within the ten (10) school days after the Level II disposition is rendered, submit the grievance in writing and signed by the teacher to arbitration at Level III.

Grievances that do not arise from the language of this Agreement or an alleged breach thereof may be processed through Level II but will not be arbitrable. Likewise, termination of probationary teachers will not be arbitrable.

b. Within the five (5) school days after such written notice of submission to arbitration, the Board Committee and the Association will agree on a mutually acceptable arbitrator and will obtain a commitment from said arbitrator to serve. If the parties are unable to agree upon an arbitrator or to obtain such a commitment within the specified period, then, within the next five (5) school days a request for a list of arbitrators will be made to the American Arbitration Association by the party seeking arbitration. The parties will be bound by the rules and procedures of the American Arbitration Association.

c. The arbitrator so selected will hear the matter promptly and will issue his/her decision not later than thirty (30) calendar days from the date of the close of the hearing, or, if oral hearings have been waived, then from the date the final statements and proofs are submitted to him/her. The arbitrator's decision will be in writing and will set forth his/her findings of fact, reasoning, and conclusions on the issue(s) submitted.

d. The power of the arbitrator stems from this Agreement, and his/her function is to interpret and apply this Agreement and to pass upon alleged violations thereof. S/he shall have no power to add to, subtract from, or modify any of the terms of this Agreement or any appendix attached thereto, nor shall s/he have any power or authority to make any decision which is violative of the terms of this Agreement.

e. The decision of the arbitrator shall be submitted to the Board and the Association and, subject to law, shall be final and binding upon the Association, the Board, and the teacher whose grievance s/he rules on, provided that the arbitrator shall not substitute his/her judgment for that of the Board or the Association.

f. The costs for the services of the arbitrator, including expenses, if any, shall be borne equally by the Board and the Association.

D. Dispositions to written Level I and II grievances will be in writing setting forth the decision and reasons therefore and will be transmitted promptly to all parties in interest and to the designee of the Association. Decisions rendered at Level III will be in accordance with the procedures set forth in Section C.3-c.

E. Grievances associated directly with system wide policies and not related directly to a building or department may be initially presented by a teacher or the Association to the proper official in the central administration.

F. The involved parties shall maintain records of all grievance procedures, but they shall not be contained in the personnel file of the grievant.

- G. The Association may investigate grievances. The investigation of a grievance shall be conducted at such times and in a manner so as to not cause interruption of, or interference with regular established teacher schedules, or the effective performance of other duties of any teacher.
- H. The Association shall provide prior notification, in writing, to each principal of the school's Association Representative(s).

## **ARTICLE VI - TEACHING HOURS AND CLASS LOAD**

This Article will be presented in two sections. The first, designated "trimester" will incorporate the trimester Letter of Understanding into the body of the contract and will be applicable for the term of this Agreement, covering the July 1, 2010 – June 30, 2011 and June 29, 2011 through June 30, 2013 contracts. The second section will contain those provisions applicable should the Board of Education reinstate the high school seven period day pursuant to Paragraph B(2).

### Trimester Section

- A. **This provision became effective for the 2011-2012 and 2012-13 school years.** As part of his/her professional responsibilities, a teacher will be available for meetings with students, other teachers, parents and administrators. These meetings, whenever possible, shall be prearranged and scheduled during the pupil day. In order to satisfy this provision, a teacher shall not make personal commitments that will make him/her consistently unavailable for such after school meetings. This provision shall not be used to capriciously require teacher to stay beyond the minimum time set forth below.

Teachers shall report in sufficient time before the start of the school day to be prepared for the arrival of students each day and may leave after the completion of their assigned duties. In those schools where there are two or more media specialists or two or more guidance counselors, their work day may be adjusted to a maximum of one (1) hour (earlier or later) with the mutual agreement of the media specialist or guidance counselor and his/her supervisor without being paid additional compensation. Said adjustment will not result in any alteration of the total daily time requirement.

1. Faculty meetings shall normally be held on a regularly scheduled day. There shall not be more than a total of twenty (20) hours of faculty meetings per year. If scheduled at the end of the day, faculty meetings must begin within ten (10) minutes of the end of the student day. Exceptions may be made to this provision for each teacher, who is assigned to a district wide department, to attend up to five (5) additional meetings during the school year that may be scheduled by such district wide department, and in the event of unusual circumstances requiring additional meeting.

The District intends to provide State mandated health and safety training as part of the "Welcome Back" and Professional Development activities provided at the beginning of the school year. If this does not occur, one faculty meeting each year shall be used to permit staff to complete State mandated training. Should additional State mandated training become required, additional time at faculty meetings will be provided. If the District provides such training and a teacher is absent and misses the same, the teacher shall be required to make up the training on his/her own without additional compensation unless the teacher is assigned to attend District Professional Development in which case District time will be provided to the teacher.

Provided, however, the building FAC and administration may agree to use faculty meetings for the purposes of establishing professional development opportunities for the building staff. If such a determination is made, the building FAC and administration will develop a building professional development calendar coordinated with the district wide professional development calendar.

The building professional development opportunities will consist of up to ninety (90) minute blocks of professional development scheduled before or after the school day as determined by the building FAC and administration. Ninety (90) minute blocks for the purposes of building professional development opportunities is defined as a full ninety (90) minute period of time.

For the 2011/2012 school year, beginning with October, 2011, up to three (3) ninety (90) minute blocks may be scheduled. Beginning with the 2012/2013 school year up to five (5) ninety (90) minute blocks may be scheduled. Because of the school calendar and the scheduling of various recesses and other teacher obligations, scheduling of these building professional development opportunities will be no more than one per month for the following months: September, October, January, February, March, April and May.

Professional Development at the building level is defined to include PLC's, team time; assessments and other appropriate activities as defined by the building FAC and administration.

2. Beginning with the 2011/2012 school year up to four (4) delayed starts providing professional development opportunities may be scheduled.

In addition, beginning with the 2011/2012 school year, the district may add up to one (1) hour of faculty meeting time to a ninety (90) minute district wide delayed start period for the purposes of offering professional development opportunities to the staff. These building and district wide professional development opportunities will be coordinated by the district Professional Development Calendar Committee and Building FAC so that only one of these opportunities will be scheduled in any week. The parties acknowledge that each faculty meeting hour used for professional development opportunities will reduce the amount of faculty meeting hour used for professional development opportunities will reduce the amount of faculty meeting time available for faculty meetings by the time allocated for professional development.

If staff members use child care services through Midvale or Wee Care, the district shall provide free care for the extended faculty meetings time up to thirty (30) minutes.

3. In areas of defined need and with the mutual agreement of the teacher and his/her supervisor, based on the needs of the school, a teacher's work day must be adjusted (earlier or later) for up to one (1) class period per day. Said adjustment will not result in any alteration of the total daily time requirement.

B. Middle and High School Teachers:

The teaching schedule will be as follows, except in instances where changes are mutually agreed to by the administrator and teacher.

1. Seven Period Day: Middle School

- a. No more than five (5) academic periods shall be assigned.
  - b. At least one (1) additional Team or duty period shall be assigned.
  - c. At least one (1) preparation period shall be assigned.
2. The parties agree that the current language addressing the seven (7) period day is set aside until such time as financial conditions in the district permit the Board, in its discretion, to reinstate the high school seven period day, at which time the provisions will become operative again.

Five (5) Period Trimester School: High School

The high school schedule shall consist of three (3) trimesters of approximately twelve (12) weeks each, as set forth in the Appendix C calendars. The teacher's daily schedule shall consist of five (5) daily periods pursuant to the following terms and conditions:

- a. Teachers shall be assigned no more than four (4) academic periods a day. The periods shall be approximately 70 minutes in length, unless the state legislature changes the

instructional time requirements. In such circumstances the parties agree to negotiate on the methods for bringing the district into compliance.

- b. At least one (1) preparation period equal to the length of a class period shall be provided daily.
  - c. Where of educational benefit to the educational program of the building, the teacher may be assigned a complementary education activity ("CEA") pursuant to Article VI, Section B.7, in lieu of an academic period. (CEA is described in the section on the seven (7) period day set forth at paragraph B(7).
  - d. The administration will strive to assure that less than full time staff schedules comply with the above. The association shall be informed of any exceptions.
  - e. Teacher will report up to two days per week fifty (50) minutes before the first class period. One of these days shall be designated as a team period (subparagraph f). The other shall be designated as X Block. Teacher's duties during this time shall remain unassigned. Teachers may use this time to assist students, prepare lessons, or engage in other activities involving students or staff. These activities shall not be incorporated in any way in a teacher's evaluation. Science and math department staff will not schedule X Block on the same day.
  - f. Team Period.
    - i. A team period will be established no more than once per week for the fifty (50) minutes of the periods designated as X Block for the purposes of collaborative activities as established by the team
    - ii. It is generally intended that participation in the team period will be associated with the teacher's curricular responsibilities. Thus, each teacher upon mutual agreement with the principal, will be assigned up to two (2) teams related to the teacher's curricular responsibilities.
    - iii. At the request of a teacher and, upon the mutual agreement of the principal, a teacher may participate on a team in addition to those referred to in paragraph ii above.
    - iv. Up to five (5) team periods may be utilized for needs other than those associated with paragraphs ii and iii above. (e.g., ninth grade transition activities). More team periods may be used in this matter upon mutual agreement of the parties.
    - v. The teacher will have no responsibility for students during this team period.
    - vi. Aside from the normal responsibility for attendance and punctuality (as it is a portion of the regular teacher day) these team activities shall not be incorporated in any way in a teacher's evaluation.
    - vii. The concept will assure that no class will be of a longer duration than seventy three (73) minutes, unless the state legislature changes instructional time requirements. In such circumstances, the parties agree to negotiate on the methods for bringing the district into compliance.
    - viii. This agreement will not result in the loss of any established rights and privileges associated with all other assignment matters beyond this team period.
    - ix. Three (3) hours of these team periods will be counted toward the required hours of flexible staff development each year.
3. If financial circumstances or resources or other major influencing factors require alternations in the six period middle school schedule or the high school trimester structure,

the parties agree to employ the same collaborative process used when adopting the trimester schedule. Should the Board determine to implement changes, the parties agree to meet and bargain the impact of such changes on members of the bargaining unit. The Board shall retain the option of reinstating the high school (6) period day as follows:

- b. Six Period Day: High School
  1. No more than five (5) academic periods shall be assigned.
  2. At least one (1) preparation period shall be assigned.
4. A team taught course shall be defined as any course where a common group of students are assigned to two or more teachers. Such courses shall include excel, flex, team 9 English, World Studies and any other course that would qualify under this definition.
  - a. At the high school such teachers will qualify for a three (3) class teaching load with team planning as a fourth daily assignment. At the middle school such teachers will qualify for a four class teaching load with team planning as a fifth daily assignment. If the district's financial circumstances dictate, the language in this section shall not be operative. The Board of Education will inform the Association of the need to implement this change by April 1 of the preceding school year. Should this occur, the teacher's responsibilities associated with this program will be altered accordingly.
  - b. The teachers assigned to team taught courses shall have their planning period scheduled in common.
  - c. During X Block team when professional development meetings are scheduled for the purpose of curriculum planning, teacher assigned to teaching teams shall have the priority to meet with their teaching team.
  - d. No teacher shall be assigned to more than one (1) team taught course.
  - e. This shall not prohibit other teacher from receiving similar teaching load and planning considerations as a result of Education Council and Board of Education action.
  - f. At the high school, in the event that the district declares a financial emergency and cannot provide a daily team planning time in lieu of a fourth course, the following provision shall apply.
    - i. Planning time is defined as a continuous seventy (70) minute period outside the workday. Thirty-five (35) minute periods may be scheduled with the prior approval of the building administration.
    - ii. Teachers will be paid forty (\$40) dollars for a seventy (70) minute period, (Fifty (\$50) Dollars including FICA and retirement) and twenty (\$20) dollars for a thirty-five (35) minute period (twenty-five (\$25) dollars including FICA and retirement). Beginning in the 2008/2009 school year the total available for such payments is twenty thousand (\$20,000) dollars.
    - iii. Four hundred (400) seventy (70) minute periods will be provided and allocated between the high school buildings by the team participants and Association.
    - iv. Teachers with the approval of the principal shall submit request for payment forms to the office of the deputy superintendent for payment.
    - v. The Association may request verification of the financial emergency.
5. Writing classes shall include (a) a class offering a curriculum designed to improve the students' performance in the preparation of written assignments/assessments and (b) a class in which the majority of the students' performance is evaluated on the quality of written

assignments submitted over the term of the trimester or semester. The courses deemed to be writing classes shall be recommended to the superintendent by Education Council.

- a. The district will strive to provide teachers of high school English with no more than two (2) writing class assignments per trimester. The average class size of each individual teacher's writing class(es) shall be twenty-five (25) students. Teachers assigned to three (3) or more writing classes per trimester shall, in lieu of one (1) academic assignment, be assigned to an academic lab or other duty where practicable.
  - b. The district will strive to provide teachers' of middle school English/Language Arts with no more than four (4) writing class assignments per semester. Teachers assigned to four or more writing classes per semester shall, in lieu of one (1) academic assignment, be assigned to an academic lab or other duty where practicable. The average class size of each individual teacher's writing class(es) shall be twenty five (25) students.
6. The Board shall strive to schedule as few academic periods containing two (2) courses as possible. Upon each occurrence, the Association will be informed prior to implementation.
  7. Applies to Complementary Education Activity (CEA) and is described in the seven (7) period day section at paragraph B(7).
  8. The administration, in consultation with the staff in each middle and/or high school, may decide to modify the daily schedules from time to time in order to provide for activities periods and/or advisor/advisee periods. In such event each teacher shall still have a period of individual conference preparation, a regular lunch period and no more than five (5) instructional periods on those days the daily schedule is modified.
  9. Upon request, sixth and seventh grade middle school teachers of instructional reading and modern language shall be excused from an advisor/advisee recreational reading assignment when they have three or more different preparations and when their total student load, excluding advisor/advisee recreational reading and homeroom exceeds 156. As an option, alternative relief of an additional one-half daily conference preparation period may be provided by the administration.

A different course preparation will be defined as those bearing a different course number, course title, curriculum guide or textbook.

#### C. Course Preparations

1. The Board agrees to exert every effort to avoid a situation from occurring where a teacher might be requested, on a voluntary basis, to accept a regular academic assignment over and above the maximum established in this Article.
2. a. When an additional course preparation is assigned, the Association shall meet with the building principal and appropriate central administrative staff, to determine if there are alternatives to the assignment of the additional course preparation. If there are no reasonable alternatives, the additional assignment will be implemented.

- ii. A teacher assigned to an additional course preparation pursuant to subparagraph (C) shall be guaranteed no more than a six (6) course preparation full time schedule the following school year unless the teacher agrees to the additional course preparation.   - b. For the purpose of this agreement middle school duties shall be defined as those supervisory assignments of teachers, which the administration must make to maintain the degree of control and order needed for an optimal educational atmosphere. It shall be each teacher's individual responsibility to report to the school principal within the first four weeks of each school year that s/he is not receiving 270 minutes of time to plan. The principal shall make every reasonable effort to provide the time. The Association shall submit any disputes over whether a teacher's total time

is being provided to the deputy superintendent for educational services for resolution. Where scheduling does not permit the full allotment of this time for the school year, teachers who do not receive the full allotment shall receive a stipend of \$1,000 to be paid at the end of the school year. Teachers who retire prior to the end of the school year shall receive a prorated amount.

In no case will a general education teacher be required to use more than two (2) planning periods in a week for this purpose.
  2. Every effort will be made to limit attendance at special education/E.S.L. meetings to forty-five (45) minutes per week during the classroom teaching load time for each general education teacher.
- F. The Board and the Association agree that there will be a mutual effort to assure that teachers will participate in evening activities which are sponsored by the school, parent, or student groups. To that end, teachers may be required to attend two (2) evening events per year. If teachers are requested to attend any additional evening events for the primary purpose of performing professional duties, and agree to do so, they will receive one-half (1/2) compensation day for each such occurrence, or at the teacher's option, one-half (1/2) the professional development/curriculum development rate.
- G. Teachers may leave the school building during their lunch period.
- H. 1. Elementary Art, Vocal Music, Physical Education, and Media/Technology classes will be no less than thirty (30) nor more than fifty (50) minutes in duration. In the event that scheduling does not permit released time, payment will be made to the teacher in accordance with Article XVIII, (E)(5).
- I. The Board and Association recognize the positive effects that effective program evaluations can have on the instructional program of the district. In order to achieve this the following provisions shall apply to the results of all evaluations of program.
1. No information obtained will contain reference to an individual teacher.
  2. No portion of the results will be placed in a teacher's personnel file.

3. No information obtained will be utilized as evidence for teacher dismissal or involuntary transfer.

  2. For less than full day professional development, the teacher shall be paid the per diem hourly rate of his/her salary for those hours of the time scheduled for professional development beyond his/her regular schedule. For example, a teacher employed in a 50% assignment, required to attend a three (3) hour professional development activity would be paid for one and one half hours at his/her hourly per diem rate.
  3. To attend professional development beyond their regularly scheduled school day, the part time staff person must obtain the permission of the building administration in advance.

If the teacher's day begins in an elementary assignment, the day will conclude on the elementary schedule, at middle school on the middle school schedule, and at the high school on the high school schedule. Schedules may be extended beyond the provisions set forth by mutual agreement of the teacher and administration. Teachers agreeing to extended schedules shall receive their per diem salary prorated for the time beyond their regular scheduled day.
- M. Both the Board and the Association recognize the value of professional development opportunities for teachers. However, professional development opportunities that occur during the school day should not have an excessive impact on teacher planning time. Accordingly, if a teacher loses more than four (4) planning periods during the school year to professional development opportunities, and such professional development is required, approved or optional, to be taken during the teacher's planning period, the teacher will be entitled to compensation at \$28/hour. Optional professional development requires the written prior approval of the Teaching and Learning Department, teacher's supervisor or principal. Missed preparation periods for field trips, personal absences or other non-professional development reasons will not entitle the teacher to this additional compensation.

If such a determination is made, the building FAC and administration will develop a building professional development calendar coordinated with the district wide professional development calendar.

In areas of defined need and with the mutual agreement of the teacher and his/her supervisor, based on the needs of the school, a teacher's work day must be adjusted (earlier or later) for up to one (1) class period per day. All such activities for which no compensation is provided shall, however, be entirely voluntary.
  3. Every effort will be made to limit a general education teacher's attendance at special education/E.S.L. meetings (i.e. I.E.P.'s, M.E.T.'s) to no more than one planning period in a week. In no case will a general education teacher be required to use more than two (2) planning periods in a week for this purpose.
  4. Every effort will be made to limit attendance at special education/E.S.L. meetings to forty-five (45) minutes per week during the classroom teaching load time for each general education teacher.
- F. The Board and the Association agree that there will be a mutual effort to assure that teachers will participate in evening activities which are sponsored by the school, parent, or student groups. To that end, teachers may be required to attend two (2) evening events per year. If teachers are requested to attend any additional evening events for the primary purpose of performing professional duties, and agree to do so, they will receive one-half (1/2) compensation day for each such occurrence, or at the teacher's option, one-half (1/2) the professional development/curriculum development rate.
  - G. Teachers may leave the school building during their lunch period.

- H.1. Elementary Art, Vocal Music, Physical Education, and Media/Technology classes will be no less than thirty (30) nor more than fifty (50) minutes in duration. There will be a minimum of ten (10) minutes between each Art class and a minimum five (5) minutes between Music and Media/Technology classes and five (5) minutes between each P.E. class where facility use permits and where the building administrator determines that it is practicable to do so. The Board shall strive to assign a teacher to not more than one (1) building each day, and to assign no more than one (1) teacher to a particular class session.
3. In high school departments where there is no department head, a teacher in that department will be provided released and/or paid time to attend to departmental duties. Such time will be provided as needed and as approved by the principal. In the event that scheduling does not permit released time, payment will be made to the teacher in accordance with Article XVIII, C.2.
- I. The Board and Association recognize the positive effects that effective program evaluations can have on the instructional program of the district. In order to achieve this the following provisions shall apply to the results of all evaluations of program.
5. No information obtained will contain reference to an individual teacher.
6. No portion of the results will be placed in a teacher's personnel file.
7. No information obtained will be utilized as evidence for teacher dismissal or involuntary transfer.
8. All information disseminated beyond program staff shall contain reference to factors beyond the teacher's control, which may have had some effect upon the results.
- Further, prior to all program evaluation activities there shall be a review of the evaluation plans with the involved teachers.
- J. Part time staff shall receive the following compensation when required to attend professional development beyond their regular schedule:
4. The regular per diem rate for a full time teacher at the appropriate step and column of the salary schedule when attending day long professional development.
5. For less than full day professional development, the teacher shall be paid the per diem hourly rate of his/her salary for those hours of the time scheduled for professional development beyond his/her regular schedule. For example, a teacher employed in a 50% assignment, required to attend a three (3) hour professional development activity would be paid for one and one half hours at his/her hourly per diem rate.
6. To attend professional development beyond their regularly scheduled school day, the part time staff person must obtain the permission of the building administration in advance.
- K. Teachers assigned to two or more buildings shall not be required to use planning time nor their duty free lunch period to travel between building assignments. Teachers will be provided a minimum of twenty (20) minutes to travel between building assignments and set up the classroom.
- L. The school day for teachers assigned to two or more buildings shall be determined by the building at which the teacher's day begins. If the teacher's day begins in an elementary assignment, the day will conclude on the elementary schedule, at middle school on the middle school schedule, and at the high school on the high school schedule. Schedules may be extended beyond the provisions set forth by mutual agreement of the teacher and administration. Teachers agreeing to extended schedules shall receive their per diem salary prorated for the time beyond their regular scheduled day.
- L. **This provision went into effect for the 2011/2012 school year.** Both the Board and the Association recognize the value of professional development opportunities for teachers. However,

professional development opportunities that occur during the school day should not have an excessive impact on teacher planning time. Accordingly, if a teacher loses more than four (4) planning periods during the school year to professional development opportunities that last a half (1/2) day or more in duration, the teacher will be entitled to compensation pursuant to Article XVIII (C)(2). Note that missed preparation periods for field trips, personal absences or other non-professional development reasons will not entitle the teacher to this additional compensation.

## **ARTICLE VII - TEACHING CONDITIONS AND CLASS SIZE**

If financial circumstances or resources, available or required classroom space, staff availability or other such major influencing factors change so as to preclude the Board from complying with its foregoing intended class size numbers will be operative and/or controlling. 5. Special Education:

Special education classes shall be in compliance with the State of Michigan special education guidelines.

Solely and exclusively for the application of Article VII, A., and pertaining to the numbers listed under relief provided at and "alternative class size maximum" the following standards shall apply:

- a. The special education team (IEP) shall determine the student's level placement applying the "AUENS" (Addressing Unique Education Needs of Students) standards adopted by the Michigan Department of Education. h. Any teacher serving Special Education or E.S.L. students may request the convening of a support team to assist that teacher in the delivery of instruction. If training is necessary, such training shall be provided during the school day.

i. Teachers Assigned Students with 504 Plan.

6. Review of data from scheduling process

a. The building administration shall share data on preliminary course selection, by subject and department, with teachers at department meetings and with the BEA building representatives. The data shall be provided as soon as the data from the scheduling process is available and before the individual teaching assignments are determined.

b. Recommendations to address reasonable balance in class size – by subject and within a department or grade level – may be proposed by teachers.

c. Administration will not consider recommendations for those courses that are listed elsewhere as exceptions in their class size maximum. These would include writing classes (Article VI [B]{a}), and study halls, physical education classes, and large group musical performance classes as described in Article VII[A].

B. The Board and Association agree to the establishment of an Advisory Committee at each school. The Committee will consist of the principal, who may request the presence of one (1) other administrator, and a minimum of four (4) faculty representatives elected by the faculty. The Advisory Committee will meet once each month, with necessary additional meetings being held at the request of either the principal or the faculty representatives. The Advisory Committee members will exchange and review proposals and recommendations on school matters of mutual concern to the parties.

Such matters may include:

1. The Advisory Committee may assist in the formulation of the agenda of a school's general faculty meeting and in the evaluation of such meetings.

2. Review and advise the principal relative to building policy and procedure.

3. Make recommendations to the principal relative to teacher staffing in the building.

The Board further agrees at all times to keep the schools reasonably equipped and maintained with the tools of the teaching profession.

E. The Board and the Association mutually recognize the importance of continuous use of adequate teaching reference material in maintaining a high level of professional performance. In furtherance of that recognition, the Board shall provide a teacher reference area in each school in the District and include therein all texts which are reasonably requested by the teachers of that school within the limitations of the school media budget.

- F. The Board shall make available in each school adequate lunchroom/lounge facilities exclusively for staff use. Also lavatory facilities will be provided exclusively for adult use.
- G. Telephone facilities shall be made available to teachers for their reasonable use for professional purposes in a secluded area.
- H. Upon the request of the Association, vending machines shall be installed in the teachers' lounge and lunchroom areas. The faculty in the building, including the administrators, shall administer the proceeds from all such machines.
- I. Wherever practicable, off-street parking facilities shall be provided and properly maintained and identified exclusively for staff use, with the provision that those teachers whose health demands special consideration shall be given preferential parking privileges.
- J. The Board and all teachers shall comply with the provisions of the Occupational Safety Act (Michigan Public Act 154, 1974).
- K. Principals shall permit a teacher to leave the building during a preparation or planning period for duties attendant to professional responsibilities, and this right shall not be abused.
- L. When schools are closed due to inclement weather, teachers are not expected to report to their closed buildings. Further, when schools are dismissed due to inclement weather, teachers shall be entitled to leave as soon as the buildings are cleared of students. In the application of this section of the Agreement, a teacher shall not suffer a loss of compensation.

Should it be necessary to make up any days in accordance with State law, the days (s) will be added to the end of the school calendar so affected with no additional compensation paid to the teachers affected.

M. Elementary Parent/Teacher Conferences:

All elementary schools shall schedule two (2) afternoon and two (2) evening conference blocks each fall and one (1) afternoon and two (2) evening conference blocks each spring. The afternoon conference blocks days will be set forth in the school calendar. Each block will be of three (3) hour duration and be scheduled during the teachers' normal working hours. Specific days and times for the evening conference blocks will be set forth in the school calendar with each block to be of three (3) hour duration. Generally no more than one (1) conference will be scheduled for each thirty (30) minute period in the fall and no more than one (1) conference will be scheduled for each twenty (20) minute period in the spring and in no case will a teacher be required to have more than twenty-six (26) conferences in the fall or spring. Should more than twenty-six (26) conferences be necessary the Board will provide substitute teacher time to cover the additional time required.

Kindergarten teachers assigned to two (2) sections shall be provided an additional records day in the fall and the spring.

Full day kindergarten teachers shall be provided an additional one-half (1/2) records day in the spring.

An additional two (2) days will be provided for conferences during the normal work day to all full time kindergarten teachers assigned to two (2) sections in the fall and spring.

High School Parent/Teacher Conferences and Curriculum Nights

High Schools shall schedule one (1) evening conference of three (3) hours duration for first, second and third trimesters. High schools shall also schedule one (1) evening curriculum event for the first and second trimesters. The dates and times are set forth in the school calendar for the current school year.

One (1) conference compensation day will be provided each semester for both elementary and secondary conferences schedules as described above as set forth in the school calendar.

- N. The Board agrees it will not discriminate with respect to any teacher's assignment or class size.
- O. Teachers shall prepare lesson plans for the use of substitute teachers. Teachers shall also prepare and maintain written evidence of adequate planning for their instructional program(s). In implementing this section, supervisors will avoid regimenting all teachers with regard to format and time requirements. Normally, the Board will attempt to secure substitutes for absent classroom teachers, media specialists, LRC teachers and special education classroom teachers.

In the event that it is necessary to assign teachers to substitute during their conference periods, the assignment will be given to volunteers and/or rotated.

- P. In the preparation of teacher assignments, the Board and Association agree to the following:
  1. Prior to adopting a tentative master teacher schedule for the ensuing year, the principal/supervisor will communicate with teachers in his/her building/department with regard to such schedule.
  2. Such communication shall include consideration regarding specific courses to be taught, grade level, number of different courses, nonacademic assignments, changes in grade or subject assignment, building assignments etc.
  3. The proposals and suggestions of teachers will be given major consideration by the principal/supervisor in completing the master teaching schedule.
  4. All changes in teacher assignments in the same building or department from year to year shall be voluntary to the extent possible.
  5. All teachers shall be notified of their assignments for the next year prior to the close of school in June, when feasible. In the event that circumstances dictate assignment changes during the summer, the teachers affected shall be communicated with prior to the implementation of such changes, unless such teachers are unavailable.
- Q. Prior to instituting any substantial program additions to the curriculum after the beginning of the school year, the Board will consult with the teachers involved.
- R. A special education student may be placed into a regular classroom in accordance with state and federal placement procedures. Receiving regular classroom teachers will be involved or advised prior to class assignment. Both special education and general education teachers may offer suggestions relative to the placement of such students. Teachers will be advised of summer special education enrollees by the first day of the succeeding school year.
- S. The teacher shall adhere to and comply with the Board's curriculum plan and instructional program.
- T. In order to meet the special needs of students in the District and to provide expert assistance to the classroom teacher as s/he encounters particular problems with students, the Board agrees that, to the extent possible and within its means, it shall continue to employ auxiliary personnel, such as media specialists, multimedia personnel, school psychologists and social workers, speech and language pathologists, counselors, reading specialists and special educators.
- U. In consideration of optimum learning environment and energy conservation, including governmental regulations and guidelines, the Board shall maintain adequate classroom heating within the instructional areas of each school building. A teacher shall not be required to teach in a facility where the temperature is below sixty degrees Fahrenheit (60°) and the condition cannot be corrected within one (1) school day.

The board will strive to maintain facility temperatures above 65° and below 90°. Where practical, a teacher's class may be temporarily moved to another location in the facility to relieve a situation not within the parameters as stated above.

- V. Prior to the Friday following Labor Day, all itinerant Special Education staff shall meet with the principal(s) of the school(s) to which they are assigned to discuss their schedules and work place assignments. If problems arise with regard to work place assignment, the Executive Director of the BEA and the Assistant Superintendent for Personnel shall meet to attempt to resolve the issue.
- W. No general education teacher shall routinely be required to perform medical or hygienic procedures on a student.
- X. The teacher shall be informed of the purpose of the presence of all visitors to his/her classroom and shall receive prior notification of said visits when possible.

## **ARTICLE VIII - LEAVES OF ABSENCE**

- A. A teacher who is absent five (5) or more consecutive days shall be required to notify the Human Resources Office and provide a doctor's note on return to school. Any teacher out more than five (5) consecutive days may be placed on a short term leave of absence. A teacher on a short terms leave of absence (up to ninety (90) calendar days) shall continue in his/her current position on his/her return.
- B. If eligible, teachers shall use accumulated leave time and if eligible donated days before going unpaid.
- C. Parental/Family Leave:

The Board will grant a leave of absence for maternity, adoption, or child care reasons, without salary, to any member of the bargaining unit upon written request for such leave for up to the remainder of the school year in which the leave commences plus the next school year. The duration of such leave to be at the teacher's option.

An extension of the leave of absence may be granted upon the recommendation of the Superintendent. Whenever possible, a bargaining unit member requesting such leave shall file a request in writing at least thirty (30) days prior to the expected birth, adoption of the child, or the commencement of the child care leave.

The Board shall provide Health Insurance to all those covered by Board paid Health Insurance prior to the leave for up to twelve (12) weeks during such leave at the teacher's option. Thereafter, Article XVIII. Section F. shall apply.

- E. Annual Two-Week National Guard or Military Reserve Unit Leave.

A teacher who is a member of the National Guard or a military reserve unit shall be granted a leave for a nonrequested mandatory annual two (2) week training commitment if it must be attended during the school year. The Board will compensate a teacher who qualifies under this provision the difference between his/her service pay and regular teacher's salary, but only if by such a leave s/he would suffer a loss.

- F. Public Office Leave.

A leave of absence without pay for up to one (1) year shall be granted annually to up to two (2) teachers who are appointed to or elected to a full-time public office position. If necessary and applied for in writing, such leave will be extended annually for the duration of one (1) term for such public office.

G. BEA, MEA, or NEA Leaves.

A leave of absence for one (1) year shall be granted without pay to those teachers who are appointed or elected to Association, MEA, or NEA positions.

H. Jury Duty Leave.

Teachers who are summoned and report for jury duty shall be paid an amount equal to the difference between the amount of wages the teacher would otherwise have earned by working on that day and the daily jury fee paid by the Court (not including travel allowances or reimbursement of expenses) for each day on which s/he reports for or performs jury duty and on which s/he otherwise would have been scheduled to work.

I. A teacher on tenure may be granted a leave of absence up to one (1) year without pay for reasons of health, to return to school, family responsibilities, such as, care or relocation of family. Other unpaid leaves for reasons deemed meritorious by the Superintendent may also be granted.

J. The Board may extend all leaves of absence. A teacher's request for an extension of his/her leave of absence must be submitted in writing. A teacher may be granted more than one (1) extension of a leave. The duration of the extension shall normally be for one (1) teacher work year.

The Board's decision on each leave extension request will be made individually on a case by case basis and will be in consideration of its impact on laid off teachers, the availability of a suitable replacement teacher, economic considerations, and other relevant factors.

K. After the exhaustion of any available sick leave days, the Board shall provide an unpaid leave of up to twelve (12) weeks to all teachers who request it for the purpose of the care of a member of the immediate family with a health problem. Further, Health Insurance shall be provided to all those on such a leave who were covered by Board paid Health Insurance prior to the leave for the twelve (12) week duration of the leave.

L. A teacher who returns from a leave of absence during a subsequent school year shall receive the salary of the immediate next step of the salary schedule, provided s/he is otherwise qualified in accordance with the policy pertaining to advancement on the salary schedule unless the teacher worked less than half of the previous school year. This requirement will not apply to teachers who are absent due to an illness or medical condition.

M. A teacher on a leave of absence scheduled to conclude at the end of a school year must, no later than April 1, inform the Board as to whether s/he wishes to return for the subsequent school year or wishes to extend his/her leave for an additional year. As an exception to the above, if the teacher's leave commenced after April 1, s/he must inform the Board no later than July 1.

N. On the completion of the leave the member shall be returned to his/her previous position or a position for which they are certified and qualified provided consistent with the Board policy.

## **ARTICLE IX - SABBATICAL LEAVES**

A. In order to enhance the professional status of teachers, the parties agree to the establishment of a Sabbatical Leave Committee to be comprised of an equal number of teachers and Board representatives. The Association will select the teacher members of this Committee. This Committee shall evaluate the qualifications of all applicants and make recommendations to the Superintendent for those applicants deemed acceptable. The Superintendent shall, however, make the final decision with respect to such applicants. The Committee may also consult with the Superintendent annually with

reference to possible changes in the criteria for the selection of teachers seeking Sabbatical Leave. No more than two percent (2%) of the teachers may receive a Sabbatical Leave in any one school year. Said committee shall be initiated upon the request of either party.

- B. The compensation for a teacher on Sabbatical Leave shall be one-half (1/2) of the base salary s/he would receive if s/he was employed as a teacher during the period for which the leave is effective.
- C. A teacher on Sabbatical Leave shall be entitled to participate in the Insurance Program provided for elsewhere in this Agreement. The Association and a teacher on Sabbatical Leave agree that the Board shall not be held liable for the death of or injuries sustained by the teacher while s/he is on Sabbatical Leave.

Following the conclusion of a sabbatical leave the Board will pay the five (5) percent employer retirement contribution to the teacher (less any required deductions) at the time it is required.

- D. Prior to commencement of the Sabbatical, the teacher shall either be given assurance of his/her return to his/her assignment or the assignment to which s/he will return shall be made known to him/her. It is recognized by the parties that in the event the anticipated position is abolished during the Sabbatical Leave because of unforeseen circumstances relating to staff or budgetary reductions, program changes, and/or curriculum alterations, this provision shall not apply. A teacher on Sabbatical Leave who will experience returning to a different assignment than the anticipated position will be notified as promptly as possible prior to his/her return. A teacher returning from Sabbatical shall be placed at the same position on the salary schedule as s/he would have been had s/he taught in the District during such period.

## **ARTICLE X - DISCIPLINE**

- A. Teachers not eligible to achieve tenured status (for example non-certified staff) shall not be disciplined, reprimanded, reduced in rank or compensation without just cause.
  - 1. Disciplinary Action. Disciplinary action taken against a teacher, who is not covered under the Michigan Teacher Tenure Act, shall be subject to the grievance procedure set forth in Article V.
- B. A teacher shall at all times be entitled to have present a representative of the Association when s/he is being reprimanded, warned, or disciplined for any infraction of discipline or delinquency in professional performance when such action is to be recorded in the form of a written report or when this occurs above the building level. When a request for such representation is made, no action shall be taken with respect to the teacher until such representative of the Association is present.
- C. Personnel Files. A teacher shall have the right to examine and respond to all of the material in his/her personnel file which has accrued after his/her employment and which is related to his/her job. A representative of the Association may, at the teacher's request, accompany the teacher in the review. Each teacher's personnel file shall contain but shall not be limited to the following:
  - 1. All teacher evaluation reports.
  - 2. Copies of annual contracts.
  - 3. Teacher certificate.
  - 4. College placement material, including official transcripts.
  - 5. Tenure recommendation.
  - 6. Copies of official personnel action.
  - 7. Letters of commendation.
  - 8. Other materials mutually agreed-upon.

Further, teachers shall receive copies of all materials, with the exception of confidential materials, which are to be placed in the personnel file and shall be informed as soon thereafter as is feasible if a F.O.I.A. request is submitted for any information.

- D. Any complaints directed toward a teacher, which are placed in his/her personnel file, are to be promptly called to the teacher's attention in writing.

Any complaint must be reported, in writing, to the teacher concerned within a reasonable time following the investigation regarding the complaint.

## **ARTICLE XI - ACADEMIC FREEDOM**

- A. Academic freedom shall be guaranteed to the teacher, and no special limitations shall be placed upon study and investigation of facts and ideas concerning man/woman, human society, the physical and biological world, and other branches of learning, subject to the following standards of professional responsibility:
  - 1. The teacher shall encourage the student to study varying points of view and respect his/her right to form his/her own judgment.
  - 2. The teacher may assume full political and citizenship responsibilities but shall refrain from exploiting the institutional privileges of his/her professional position to promote candidates or partisan activities.
  - 3. The teacher shall protect the educational program against undesirable infringement.
  - 4. The teacher shall be allowed to interpret and use the writings of others and educational research with intellectual honesty.
- B. Academic freedom exercised by a teacher requires that s/he be cognizant of the maturity of his/her students and that this be recognized in his/her instructional presentations; and further, that the attitudes, beliefs, and aspirations of parents and the convictions of the citizenry be considered carefully in the exercise of academic freedom.
- C. It is agreed to by the parties that the evaluation of students is the responsibility of the teaching staff. No grade may be changed unless either the teacher who issued the grade concurs or the majority of the Grade Review Panel approves of the change. The Grade Review Panel shall be composed of three (3) teachers selected by the Association, one (1) Board member and the Superintendent or his/her designee. Should the teacher not concur and the panel approves the grade change, the teacher may appeal the decision to the Board. The decision of a majority of the Board members elected and serving will be final.
- D. The parties acknowledge that the pacing guides established by the administration do not establish nor are they intended to be day by day instructional manuals or mandated curriculum guides requiring every teacher to be at the same place in the curriculum on any particular day. Rather, they are intended to serve as general guidelines setting forth basic concepts to be covered during the school year. While a teacher is expected to teach the district curriculum, a teacher's compliance or non-compliance with the pacing guide may not be considered in that teacher's evaluation.

## **ARTICLE XII - TEACHER PROTECTIONS AND SAFEGUARDS**

- A. Since the teacher's authority and effectiveness in his/her classroom are enhanced when students discover that there is sufficient administrative backing and support of the teacher, the Board recognizes its responsibility to give all reasonable support and assistance to teachers with respect to the maintenance of control and discipline of their students.

If it appears a pupil under a teacher's jurisdiction may require the attention of special counselors, social workers, law enforcement personnel, or other professionally qualified persons, or whenever the presence of a particular student in the class will impede the education of the balance of the classroom because of severe disciplinary problems caused by said student, the Board will take reasonable steps to help the teacher resolve the problem with respect to the student.

In the event that a teacher's recommended disciplinary action (including student transfers which relate to control and discipline) is overruled, said teacher shall be consulted relative to final disposition of the case. Consultation shall be construed to include the opportunity to offer alternatives

and to have such alternatives considered, including specific reasons for the ultimate rejection of said alternatives.

- B. Problems relating to student discipline and suspension procedures as determined by the school faculty or by the administration shall be considered by the Advisory Committee for the purpose of submitting a recommendation to the principal. Each building, utilizing the resources of the Advisory Committee, will establish a procedure for informing the students, parents, and teachers of the disciplinary policies of the building.
- C. Any case of assault upon a teacher related to or occurring while s/he is fulfilling his/her teaching or related responsibilities shall be promptly reported to the Board or its designated representatives. The Board will provide legal counsel to advise the teacher of his/her rights and obligations with respect to such assault. Also, the Board will render all reasonable assistance to the teacher in connection with the handling of the assault by law enforcement authorities.
- D. If any teacher is complained against or sued by reason of disciplinary action taken by the teacher against a student, the Board will provide legal counsel and render all necessary assistance to the teacher in his/her defense provided the teacher's action was not contrary to the written policies and rules and regulations of the Board.
- E. Necessary time lost by a teacher in connection with any incident mentioned in this Article shall not be charged against the teacher provided the teacher's action was not contrary to the written policies and rules and regulations of the Board.
- F. A teacher, in administering student discipline, must recognize that s/he has a responsibility to be at all times fair and consistent in its application.
- G. The Board will reimburse a teacher for any loss, damage, or destruction of clothing or personal property of the teacher while fulfilling professional duties and assignments, which exceed ten dollars (\$10.00), providing reasonable care has been taken by the teacher. In the implementation of this section, the Board may require a teacher to file a police report when appropriate, and may require reasonable documentation of the original cost, date acquired, and other pertinent information regarding the loss.

Further, the Board's payment hereunder shall be reduced by the amount of any insurance carrier's payment to the teacher requesting reimbursement under this section.

- H. Corporal punishment of students is prohibited as per Michigan Public Act 521 of 1988. A statement, including the text of the Act, shall be publicized to all teachers no later than the first week of each school year with direct attention called to said statement by the administration.

## **ARTICLE XIII - SEVERANCE PAY**

- A. Service Credit Remuneration.

*Basic Program* – Each teacher with a minimum of fifteen (15) consecutive years' service in the district shall, upon resignation for the purpose of retirement, or resignation due to illness or death, receive payment of four hundred dollars (\$400) for each year's service to the district. In the event of death, the full service credit remuneration will be paid to the beneficiary of the teacher.

*TSA Program* – Beginning with the teachers sixteenth year of service, the district shall contribute \$400 to a tax sheltered annuity in lieu of earning another year of service credit in the basic program.

The TSA shall be owned by the teacher and shall conform to all statutory and other requirements. The \$400 shall be reported to MPSERS as compensation paid to the teacher. For example, a teacher beginning his/her service with the District in the 2010/2011 school and completing thirty (30) years of service shall receive on his/her retirement, \$6,000 from the Basic Plan and have received \$6,000 in contributions to his/her TSA as a result of their participation in the TSA program.

For the 2010/2011 school year all teachers eligible to participate in the TSA program shall complete and file all necessary paperwork by May 1, 2011. The \$400 contribution shall be made in a lump sum on or before June 30, 2011. In subsequent years the contribution shall be divided into equal installments and paid throughout the school year.

Teachers becoming eligible for participation in the program shall submit all necessary paperwork by June 30 of the school year prior to the year of eligibility. For example, if a teacher's sixteenth year of service is 2015, s/he must submit all necessary paperwork by June 30, 2014.

The failure to submit the necessary paperwork by the required due date shall result in the forfeiture of the contribution for that school year. Contributions may be made only into TSA programs approved by the district. All necessary paperwork and a list of eligible TSA programs is available through the Office of Human Resources.

Consecutive years of service is defined as a continuous period during which time a teacher is employed by the Board of Education. Leave of absence will not count as credit toward the minimum fifteen (15) years of employment; however, such leave will sustain the teacher's eligibility toward qualification. Retirement shall be defined as the initiation of retirement payments from the Michigan Public School Employees' Retirement System (MPSERS).

Upon retirement, the teacher must take the initiative of notifying the Assistant Superintendent for Personnel if he/she is eligible for the service credit remuneration. The Assistant Superintendent for Personnel will check the official school records and forward to the teacher and to the Assistant Superintendent of Business Services the outcome. If a teacher is eligible, the Finance Department will determine the amount of service credit remuneration and inform the applicant.

Each eligible teacher shall also receive an additional two thousand dollars (\$2,000) if he/she submits a letter of resignation for the purpose of retirement more than one hundred twenty (120) calendar days prior to the effective date of his/her retirement.

- B. Pay for Unused Sick Leave Days. Each teacher with a minimum of five (5) years' service in the district and a minimum of thirty (30) accumulated sick leave days who retires under the Michigan Public School Employees Retirement System shall receive payment of forty dollars (\$40) for each accumulated day up to a maximum of two hundred fifteen (215) days.

- 1. Personal business day absences shall mean an event or condition that requires the teacher's presence during the school day and is of such a nature that it cannot be attended to at a later time when schools are not in session or at the conclusion of a working day or on weekends. Certain types of family obligations, legal commitments, religious observance, unusual circumstances related to professional growth, to attend the funeral of a close friend, inclement weather conditions prevailing at the residence area of the teacher, and emergencies are considered to be justification for the utilization of the personal business leave. Hunting, house-cleaning, honeymooning, house-hunting, social functions, and interviews for new employment are some examples of the types of activities for which the personal business day absence shall not be applied for or granted.
  - 2. Only under a most unusual condition may a personal business day be granted for the day preceding or following holidays or recesses and the first and last days of the school term.
  - 3. Application for personal business leave shall be made at least twenty-four (24) hours before taking such leave (except in the case of emergency). - E. Required Religious Observance: Upon application, a teacher will be granted up to two (2) sick leave days per school year for required religious observance; i.e., those observances which cannot be met at a time other than during the school day. An employee who requests such time will identify the holiday(s) and provide the personnel office with the dates to be taken sufficiently in advance of the holiday to allow the district to make any arrangements it deems necessary to cover the teacher's responsibilities.
- The two (2) days when taken shall not be charged against the teacher's personal sick leave accumulation. Any days taken for additional religious observance described above will be deducted from the employee's sick leave days as defined and provided for in Section A above.
- F. If a teacher believes a report on the substitute assigned to the classroom during his/her absence is necessary, they may complete and submit the available form.
- G. The Board and Association agrees that the reasons set forth in Section A and C and D of this Article relating to the appropriate reasons for use of sick leave, personal business and religious observance days are the only appropriate reasons for use of such days. A teacher who utilizes these leave days may be required to submit proof of his/her illness or injury, quarantine, family illness, death of a near relative, or business exigency.
- H. Any teacher who is absent because of an injury or disease compensable under the Michigan Worker's Disability Compensation Act (Workers' Compensation) shall receive from the Board the difference between the Workers' Disability payment prescribed by law and his/her regular bi-weekly gross earnings, to the extent and until such time as such teacher shall have used up any sick pay provided herein. The parties acknowledge that both short term and long term disability benefits are offset by workers compensation benefits.
- I. Personal excused absences, without payroll or sick leave days deductions, may be authorized by the Superintendent.

- J. A teacher who has been absent due to illness or injury may be requested to provide medical documentation that his/her return to work is sanctioned and will not be injurious to his/her health or well-being or that of his/her students.

- 1. Pursuant to the Publically Funded Health Contribution Act, (MCL 15.561 et seq) the District shall pay the "Hard Cap Amount" determined by the State Treasurer each October 1 for the following plan year. Teachers shall be responsible for paying the difference between the premium costs and Hard Cap amount, if any, by pre-tax payroll deduction over 20 pay periods. The District shall hold its regularly scheduled Open Enrollment period on insurances available to employees in October, 2015.
- 3. For the 2016/17 and 2017/18 school years the health benefit options shall remain the MESSA CHOICES Program and MESSA ABC 1 Program as described above. The teacher must notify the employee benefits office in writing within thirty (30) calendar days of the covered persons ineligibility and must request the person’s immediate removal from coverage. Failure to do so will cause the teacher to reimburse the district for any premium over payments that are made due to the teacher’s failure to give the board timely notice of the person who is no longer eligible. This provision will be effective only in school years that written notification of the existence of this provision is provided to all teachers during October open enrollment period.

Because of the need to ensure continuity in the school year and to meet any need for substitute service, the assistant superintendent for personnel must approve these days and will establish the procedures to be followed and the number of teachers who may use a day by arrangement on a given school day during the school year. The assistant superintendent for personnel will establish the procedures, in consultation with the BEA Executive Director. The days and times set aside for staff development/in-service, parent teacher conference days and the first week of school year shall be excluded from use as "days-by-arrangement."
3. These "days-by-arrangement" must be used during the then current school year and may not be carried forward into any succeeding school year.
4. "Days-by-arrangement" will be charged in full day increments.
5. If a teacher chooses not to take one or both of the "days-by-arrangement", he/she shall be paid commensurate with the base substitute pay rate in lieu of taking the "days-by-arrangement". Payment shall be made at the end of the school year.
6. A teacher seeking to schedule a Day by Arrangement during the month of June shall provide notice to the Office of Human Resources by June 1.

## **APPENDIX D**

### **FLEXIBLE HOURS STAFF DEVELOPMENT FOR BIRMINGHAM TEACHERS**

#### **BIRMINGHAM PUBLIC SCHOOLS**

**2015/16 SCHOOL YEAR**

**2016/17 SCHOOL YEAR**

**2017/18 SCHOOL YEAR**

The District will provide all state required professional development hours as set forth in the school calendar. Teachers are responsible to complete any difference in hours offered by the District and the hours mandated by law in accordance with the guidelines below:

#### **PURPOSE OF FLEXIBLE HOURS STAFF DEVELOPMENT**

Guidelines for acceptable use of staff development time have been established and are listed below. With those guidelines in mind, it is the purpose of this type of flexible staff development to accomplish the following:

- Provide individuals and small groups with the flexibility to determine appropriate staff development activities based upon their needs and district initiatives.
- Provide the flexibility for various forms of staff development including workshops, after-school training, conference attendance, or departmental, grade level or school projects.
- Link staff development directly to one's instructional responsibilities.
- Provide these options in an atmosphere of flexibility and choice with the intent of positively impacting student growth and achievement.

#### **GUIDELINES**

With the above stated purposes in mind, the guidelines for the acceptable use of flexible hours staff development are listed below. Any selected project, activity or workshop not provided by the district is to be approved by the principal or supervisor and must have the necessary forms completed. Guidelines include:

- A. For departmental or grade level projects, the pre-approved activity must be connected to:
  - Classroom instruction or one's core role if not a classroom teacher.
  - Anticipated student learning outcome in accord with BPS goals and standards.
  - Either current district/school initiatives or an approved new activity.
- B. School approved conferences or workshops on non-school hours or days may include:
  - ISD approved professional development activities.
  - Educational conferences at the state or national level (those hours which are outside of the normal school day).
  - District sponsored in-service conducted after school or on non-school days.\*
  - Off site workshops/conferences on relative and aligned topics
- C. Classes taken relating to instructional responsibilities credit for which cannot be applied toward salary schedule credit.

- D. Time spent serving on district, department, or school committees (outside the normal school day) relating to professional development as determined by the district over site committee (comprised of two (2) administrative representatives and two (2) BEA representatives).

#### LENGTH OF ACTIVITY

For each specific activity, project or training, the activity should be at least one (1) hour in length, exclusive of breaks. Generally speaking, the one (1) or two (2) hour segments will take place in after-school staff development. A one-half (1/2) day activity is generally considered to be equivalent to three (3) hours. A full day is equivalent to six (6) hours.

#### REPORTING PROCEDURE

Each individual activity is to be recorded in the district's reporting system (current e.g., KALPA) and submitted to the principal or supervisor in advance for his/her approval. Approval shall be granted for activities that meet the guidelines listed above. Teachers are responsible for assuring that their required hours are appropriately recorded no later than June 1.

#### NON-COMPLIANCE

Any requests that do not meet guidelines will be modified or not approved by the principal or supervisor. Responsibility for identifying appropriate activities, completing the (KALPA) portfolio and seeking administrative approval rests with the individual teacher. Failure to complete the necessary hours and document the hours properly on (KALPA) to be reviewed by the Office of Human Resources will result in salary deductions at the professional development/curriculum rate as cited in Article XVIII. C.5. No provisions will be made for make-up time subsequent to June 1 unless specific pre-approval is granted in writing by the principal and approved by the Assistant Superintendent for Human Resources, no later than May 1.

## **APPENDIX E**

Should financial circumstances and/or major curriculum changes result in the need for either party to request to re-negotiate items contained herein, it is agreed that said negotiations will occur. Further, it is expressly understood that only items directly associated with the demonstrated need shall be considered.

## APPENDIX F

### Reference Article VII (A) (5)

The following table is provided as an overview of the four levels of independence in adult life roles just discussed. It may be a helpful, quick reference tool when determining a student's level of independence.

#### FOUR LEVELS OF INDEPENDENCE AT A GLANCE

	Full	Functional	Supported	
Factors	Independence	Independence	Independence	Participation
	4	3	2	1
Cognitive Ability	Students with disabilities who function in the <b>normal</b> range of intelligence	Students who have or function as if they have <b>mild</b> cognitive Impairment	Students who have or function as if they have <b>moderate</b> cognitive impairment	Students who have or function as if they have <b>severe</b> cognitive impairment
Supports	Students capable of <b>fully independent</b> living	Students capable of meeting their own needs with <b>occasional assistance</b>	Students who require <b>ongoing support</b> in adult life roles	Students who require <b>extensive ongoing</b> support in adult life roles
Skills and Knowledge	Students who can <b>apply knowledge</b> to any task, problem, or activity	Students who can <b>assess their own strengths</b> and <b>access resources</b>	Students who can <b>follow learned routines</b> and <b>demonstrated skill</b> although they may be limited somewhat by their impairment	Students whose cognitive and physical <b>limitations significantly impair their ability</b> to generalize and transfer learning

In the event the standards are adjusted by the MDE, either party may request to bargain.

**LETTER OF UNDERSTANDING**

**REGARDING THE INTERPRETATION AND APPLICATION OF  
ARTICLE VIII (E) OF THE AGREEMENT BETWEEN  
THE BIRMINGHAM BOARD OF EDUCATION AND  
BIRMINGHAM EDUCATION ASSOCIATION (“BEA”)**

WHEREAS, Article VIII (E) of the contract provides:

Any teacher who shall be transferred to a supervisory or executive position and shall later be transferred to a teacher status shall be entitled to retain such rights as s/he may have had under this Agreement prior to such transfer to supervisory or executive status.

AND WHEREAS, the parties are engaged in a dispute over the interpretation and application of the provision;

NOW THEREFORE, the parties agree to the following:

1. Seniority in the BEA bargaining unit is earned only while serving in a position within the bargaining unit.
2. A member of the bargaining unit who transfers or is otherwise assigned to a position (supervisory, executive, or other) not part of the bargaining unit shall retain the bargaining unit seniority earned while a member of the bargaining unit. Should the former member return to the bargaining unit, s/he shall be credited with the seniority s/he earned while a member of the bargaining unit but shall not receive seniority credit for the period of time served in a position outside the bargaining unit. For example: Member A serves ten (10) years in a bargaining unit position and then transfers to a department head position outside of the bargaining unit. When Member A returns to the bargaining unit, s/he shall be credited with ten (10) years seniority
3. An employee originally employed in a position outside the bargaining unit, transferring to a position in the bargaining unit, shall start the position within the bargaining unit with zero bargaining unit seniority.
4. The placement of an employee on the BEA salary schedule under the provisions of Article VIII (E) rests within the sole discretion of the school district.

For the 2010/2011 School Year

The Birmingham Public Schools (“BPS”) and the Birmingham Education Association (“BEA”) agree as follows:

A Professional learning Community (PLC) is a collaborative professional development model grounded within a range of principles, processes, structures, and activities that have as their focus the development of the knowledge, values, relationships, and practices that will have a positive impact on the learning outcomes of all students. A PLC calls for professional learning that is collaborative, focused on the classroom, based on inquiry processes and supported by data collection and analysis. The PLC model recognizes the importance of input from staff, direction from administration, and shared/distributive leadership.

When designing professional learning for staff, planning needs to ensure that the learning is sustainable, that pedagogical change happens and student outcomes are improved. The PLC model may be applied to staff meetings, team periods (as described in Article VI, (B)(2)(e), building-level committees (for example, education council, advisory teams), and common planning opportunities.

It is understood the District is still in the early phases of incorporating PLC principles and practices into daily operations, procedures and routines, and problems in such implementation are likely to arise. The parties encourage open dialogue between administrators and teachers in this process to promote a shared understanding of PLC methodology. It is further understood and agreed that the scheduling and use of staff meetings, team periods, building-level committees, and common planning opportunities shall comply with the provisions of the master agreement. Specifically with respect to teachers’ preparation/planning time, building administrators shall ensure that the number of their meetings with teachers during such times is reasonable and that the times for such meetings are agreed upon mutually. Teacher(s) may request a meeting with the Association leadership and deputy superintendent if the teacher(s) believe the number of requests to meet is limiting their right to adequate planning/preparation time as provided for in the master agreement.

This Letter of Understanding will end on June 30, 2011.

Teacher(s) may appeal to the principal if the teacher(s) believe the number of requests to meet is limiting their right to adequate planning/preparation time as provided for in the master agreement. If the appeal to the principal does not resolve the issue, the teacher may appeal to the Building FAC. If the Building FAC does not resolve the issue, the teacher may file a grievance at Level II.
